

Logging in and editing your info

Artisans in the brochure also have the ability to edit their own pages on the Vineyard Artisans website. You can edit your contact info, add or change image(s), add links, and more.

How to log into vineyardartisans.com:

At the bottom of the page, there is a green shaded “Artisan Area”.

Login with your username and password (these are available upon request)

Once you login, you see a page from which you can edit your username and/or password (if you want).

How to edit your page:

Find your page by browsing for it on the “Artisans” page (left menu), **or**, search for your name using the search box on the left column.

On your page you’ll see this at the top :  This is the ‘edit’ button. Clicking on this allows you to edit your page.

Editing is similar to using a word processor. There are a number of buttons that allow you add images, change text, add links, and more.
